DISPOSAL OF HAZARDOUS WASTE FOR VERY SMALL QUANTITY GENERATORS

Hillsborough County Solid Waste Management Division has a contract with US Ecology with pre-negotiated rates for the disposal of hazardous waste. These rates are extended to Very Small Quantity Generators located within Hillsborough County.

A business is a Very Small Quantity Generator if it meets the following criteria:

- In any one month, no more than 220 pounds of hazardous waste is generated, or;
- In any one month, less than 2.2 pounds of an acute hazardous waste is generated, and
- Never accumulates more than 2,200 pounds of hazardous waste in a month.

To dispose of hazardous waste at US Ecology:

- Contact a **US Ecology Customer Service Representative at (813) 623-5302** to make a delivery appointment and discuss any possible required testing.
- Very Small Quantity Generators may transport their own hazardous waste to US Ecology. US Ecology is located at **7202 E. 8th Avenue in Tampa, Florida.**
